Definition of High Quality Learning (Draft)

All learners are able to articulate their learning journey meaningfully, reflecting upon their progress within an engaging program that fully aligns to each subject's curriculum standards. Learners' academic and wellbeing needs are also met as they synthesize, interpret, and apply new concepts to solve real-world problems.

Learners are:

- Engaged
- Asking questions
- Articulating their journey
- Solving problems
- Thinking critically
- Experimenting
- Collaborating

Guided by our mission and vision we are dedicated to:

- Challenging every learner to reach their full potential and to explore their strengths and talents
- Inspiring creativity in each learner in its broadest sense and helping to enrich the human spirit both aesthetically and morally
- Educating students to be adaptable, reflective, and proactively questioning throughout their lives

- Instilling respect, integrity, compassion while promoting the confidence and independence to be responsible forward-thinking risk takers
- Promoting awareness and responsibility for a sustainable global and local environment
- Promoting a culture of transparency where the voices of all community members are valued leading to impactful involvement within our school
- Ensuring that all students develop their appreciation of local values and culture **balanced with understanding of global values.**
- Promoting an inclusive environment at all times
- Meeting the academic and wellbeing needs of all learners
- Enabling a culture of continuous improvement and growth in all areas
