Additional Software	<i>Microsoft Office 365 is provided to all students free of charge for the creation and submission of school work.</i>			

For Questions concerning hardware and software minimum specification, Please contact Mr. Satham Hussain Mob: 055-5369484

We do suggest that all laptops should have a physical keyboard, and the battery needs to last 4 hours (we have some charging capacity in classrooms, but not for all students at the same time). Anti-virus software should be installed and up-to-date.

iPads and other tablets are not suitable for Elementary and Middle School students, even if they have a keyboard, as we regularly use software and apps that do not work well on them.

Kindergarten IT Requirements

KG parents are requested to ensure that their child(ren) brings a **CHARGED** iPad **(recommended)** or tablet to school **every day** which will be sanitized before and after usage. Each iPad/Tablet **must have a safety cover and glass protector** on it as the school cannot be held responsible in the event an item is damaged.

Recommended iPad Configuration for KG Students from our IT Department

Recommended Specification : **Apple -iPad (9th generation)-2021 Model**

Processor:**A13 Bionic chip with 64-bit architecture**

Storage : **64 GB Storage**

Wi-Fi Connectivity

Screen Size: 10 inch

Battery capacity : Higher 30 hours of battery life with Wi-Fi on

For Questions concerning hardware and software minimum specification please contact Mr. Satham Hussain Mob: 055-5369484.
